

Good ....Everyone, I Ashwini CK from MWB Technologies working as full stack developer from past 2 years. It's my Immense Pleasure to Introduce dignitaries on the dias.

Let me Introduce our special guest, who has graciously accepted our invitation to join us today.

## Mr. V. Suresh

is the Product Manager for Hikvision's Access Control and Entrance Management in the Karnataka region, who is currently based in Bangalore

He comes from a defense family and he completed his BE in Electronics and Communication from Bangalore University, having studied across India.

With over 25 years of experience, he has spent more than 2 years with Hikvision.

I would kindly request, Mr. Mukesh Bafna sir to welcome Mr. Suresh by presenting sapling

## Mr. Dinesh Jain

Director, MWB Technologies

a distinguished alumnus of BVB College with a BE in Electronics and Communication, is a visionary leader with over 30 years of extensive industry experience.

As the Director of MWB Technologies, his expertise and forward-thinking approach have been instrumental in driving innovation and success within the organization.

## Mr. Mukesh Bafna

Managing Director of MWB Groups and CEO of MWB Technologies, started his career at a very young age of 23 Yrs post his MBA in International Business, he planned and executed taking his food grains business to next level.

Today, MWB Group is proud to be called as Pulses People of South India with South India's Biggest Dall Mills and Packing unit

A strong believer in turning ideas into reality, set up biggest Pulses Processing Plants, warehousing, ventured in Green energy, Software, Wellness and Infra.

For the past 20+ years, he has been working as a Technology-driven Entrepreneur. A very ambitious and disruptive thinker whose life philosophy is "Think Ahead and Don't Stop Till You Succeed" and that is what prompted him to take on the challenge of transforming the most Unorganized Agri sector into the most organized sector.

Now I would like to hand over the stage to Mr. V Suresh to guide us about the HikVision
